

Hello Everyone!

Hope you have enjoyed the Easter Holiday break and done your best to have as much fun as possible! I am missing you all and can't wait to see you. I hope you are all being brilliant for your adults and giving them a rest too.

I have put together some activities below for the next week. Keep going with your Mathematics and Spelling Shed as normal. Our topic this term was going to be linked to the Olympics and the human body however they have obviously cancelled the Olympics! We will carry on with the topic of the Human Body and learning about countries around the world. The BBC have launched a new website which will have lots of great resources every week - feel free to explore this if you want.

As always, if you have any problems, questions or need help, then (with permission from an adult!) send me an email and I will do what I can to help you. If you do not have work allocated or I have made a mistake with something - which is more than possible(!) - then also let me know.

Last but not least, please don't worry about this work or stress out your adults about it. Do what you can ☺

Looking forward to seeing you all when this strange time is over. I know you will all be doing me proud at home just as you do in school.
