

Christmas Activity Week 14th – 17th December

Due to the ongoing pandemic restrictions, we have to make the very hard decision that some of our usual Christmas activities will be unable to go ahead this year. We want the children to have fun and to enjoy the festive activities and we have therefore tried to keep as many as possible.

Monday 14th December

This is the start of our Christmas activity week. The children will take part in **Christmas craft activities and tasks based on the Nativity** in their classes. We will begin to share our virtual Prayer Space.

Tuesday 15th December

The children will continue their work on the **Nativity story and Christmas crafts**.

We will hold a **Christmas Fair** for children only. Pupils are welcome to bring money to spend at the fair, which will be accessed in bubbles.

We would still like to hold a Christmas raffle and we would be grateful donations of raffle prizes and of confectionery.

Friday 18th December and Monday 4th January is a teacher training day. **School will close on Thursday 17th December.**

We re-open for pupils on Tuesday 5th January 2021.

Please note – we ask that you **do not send Christmas cards** into school this year. We do understand that children will be disappointed with this and we look forward to sending them once again next year.

Wednesday 16th December

Children can come to school wearing their **Christmas Jumpers**. We will have our **Christmas Dinner** and our **Christmas parties** in bubbles. *Please note – children must not bring party clothes. They will wear their Christmas jumpers at the party. This is a choice we have made due to our risk assessment and we would appreciate your support in complying with this.*

We will not be asking for donations of party food this year.

If your child is on packed lunch and would like a Christmas dinner, please let Mrs. Pace know by Wednesday 9th December 2020

Thursday 17th December

This is the last day of term. We will enjoy a **Christmas movie day**. We will have a **tuck shop** open. More details will follow.
