Part A: Pupil premium strategy plan

Statement of intent

At Hutton Henry CE Primary School we prioritise the raising of attainment for disadvantaged children, while being knowledgeable of our context and the barriers our families face. Decisions are made using recognised research from EEF to ensure usefulness and impact.

The key principles of this strategy are :

- Promoting an ethos of attainment of all children rather than stereotyping disadvantaged children as a group with less potential to succeed.
- Having individualised approaches to address barriers to learning at an early stage through intervention.
- Focusing on high quality teaching and effective deployment of staff to support disadvantaged children.
- Make decisions based on detailed data analysis and responding to evidence.

In addition to the specific funded opportunities listed, quality first teaching, effective use of assessment and data, a range of bespoke interventions and high quality CPD will ensure all of our children are effectively supported to make good progress from their starting points.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Children below ARE on entry
2	Reading development and phonics development
3	Narrow enrichments experiences
4	Children with poor social emotional skills including resilience and self esteem
5	Need for catch up due to disrupted education due to COVID 19
6	Multi agency approach required to support individual children based on need
7	Lack of engagements from parents

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Pupils eligible for Pupil Premium in EYFS make rapid progress in all areas (including phonics development)to meet national expectations.	A higher proportion of Pupil Premium children meet a Good Level of Development than in 2022/23.
Improve emotional/ social skills including resilience and self esteem for all pupils through use of outdoor education.	Observations of children in outdoor sessions and in wider school environment will demonstrate pupils' positive attitudes to learning, good behaviours, resilience and self esteem
All children to experience a range of enrichment experiences to support curriculum and enhance cultural capital E.g Music tuition, outdoor learning, visits out of school, visitors into school	All children have accessed a range of enrichment experiences
Provide identified children (school led tutoring) with high quality teaching and feedback focused on identified areas of catch up.	Identified children to meet ARE at end of year
Access to specialist services for specific support dependant on need	Specialist assessment information to support specific need and ensure good progress from starting points
Parents to have access to high quality resources at home to support their children in homework and beyond.	Access to online subscriptions for all families and regular access at home by children and their families.

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2021 to 2022 academic year.

Due to COVID-19, performance measures have not been published for 2019 to 2020, and 2020 to 2021 results will not be used to hold schools to account. Given this, other pupil evaluations have been undertaken during the 2020 to 2021 academic year, and we have taken these into account when evaluating our strategy. Performance was once again measured in 2021/22 but should be viewed with caution and not used as a direct comparison to data gathered in 2019.

Pupils eligible for Pupil Premium in EYFS make rapid progress in all areas (including phonics development)to meet national expectations.

Data analysis shows that the proportion of children achieving GLD at the end of 2022 met or exceeded national levels.

Improve emotional/ social skills including resilience and self esteem for all pupils through use of outdoor education.

Out door learning sessions have resumed fully after a period of time where significant limits were in place regarding children being off site. All children are once again accessing outdoor learning throughout the year. Assessment is carried out and will be monitored throughout the year.

All children to experience a range of enrichment experiences to support curriculum and enhance cultural capital

E.g Music tuition, outdoor learning, visits out of school, visitors into school

All children access a range of enrichment experiences. After a period of disruption to visits out of school and having visitors into school, all children are once again able to access educational visits / visitors into school regularly through the year in addition to planned outdoor learning sessions.

Provide identified children (school led tutoring) with high quality teaching and feedback focused on identified areas of catch up.

15 pupils accessed school led tutoring throughout 2021/22. Progress was made towards small steps identified as focus for sessions carried out. This added to overall progress towards age related expectations.

Access to specialist services for specific support dependant on need

A number of referrals to outside agencies were funded in 2021/22 including cognition and learning, emotional wellbeing and ASC support . Reports/ intervention provided to inform support planning.

Parents to have access to high quality resources at home to support their children in homework and beyond.

A range of subscriptions are available for use at home and at school targeted on curriculum learning. These have been used extensively for homework. This has allowed targeted high quality homework and continuity between home and school. It has allowed families access to appropriate learning materials for additional home learning as required.

Part C: Governance – monitoring the effectiveness of the Pupil Premium Strategy

Governors are involved in evaluating our Pupil Premium Strategy termly. Please see below a brief summary of discussions about the effectiveness of the strategy to address the intended outcomes.
